

ECOLOGICAL INTEGRITY
L'INTÉGRITÉ ÉCOLOGIQUE

Module 4 Objectives

In this module, we will:

- *review and analyze local ecological integrity issues by applying concepts and processes we learned in Modules 1-3;*
- *explore how all staff can use their skills and knowledge to contribute to the problem solving process;*
- *identify our personal and professional contributions; and*
- *explore our own personal sphere of influence for addressing ecological integrity issues.*
